

## Kansas Family Engagement and Partnership Standards for Early Childhood

Family engagement is a critical component of high-quality early care and education. Engaging families in their children's growth and learning can support the healthy social, emotional, cognitive and physical development of young children. These affirmative relationships also support positive lifelong outcomes for children.

The Kansas Family Engagement and Partnership Standards for Early Childhood provide guidance for families, practitioners, community members, and educators to examine current family engagement practices and plan future strategies to engage families in their children's development and learning. The Kansas Family Engagement and Partnership Standards for Early Childhood align with the Kansas Early Learning Standards and the Kansas School Readiness Framework.

The Kansas Family Engagement and Partnership Standards for Early Childhood include:

Families as...

- Foundation
